

AED Service

Information about your appointment

During your appointment, a nurse will guide you through a physical health check review, designed to monitor your health and identify any concerns or additional support requirements. The health check can include:

- Weight or BMI review
- Blood pressure test
- Relevant blood tests
- Temperature check
- An ECG (electrocardiogram) - a test that records the electrical activity of your heart.

Where to find us:

- Chertsey - St Peters Hospital
- Guildford - St Lukes Practice
- Horley Health Hub
- Leatherhead Community Hospital
- Redhill - Holmhurst Medical Centre

What happens next?

After each appointment, our GP will review your results and recommend next steps. You will receive a text message or, in some instances, a phone call to confirm follow-up appointment information.

Out of hours

For non-emergency medical advice, you can call NHS 111, and in case of emergencies, please dial 999 immediately.
